Air. Anytime. Anywhere.
Join the ABAC advantage
Our brand values

ABAC Aria Compressa was founded in 1980 but its compressed air heritage dates back over 60 years. Customer expectations have always driven product development, resulting in a portfolio which fulfills your compressed air needs and offers you the value you are looking for. Additionally, our worldwide presence makes sure we are at your service at all times.

Benefit from these five strong values and team up with ABAC today.

- **Technology leader**
  With years of experience, ABAC can rely on an extensive technical know-how to provide you with compressed air solutions that get the job done. Understanding the needs of our customers, we lead the compressed air field by example.

- **Recognised quality**
  You expect quality and reliability from your ABAC compressor. Our production facilities combine history and experience with the latest production methods. We certify and guarantee every product we manufacture to make sure that ABAC is a partner you can rely on.

- **Value for money**
  As a customer, you want a product that offers you value for money. ABAC does just that, offering a full portfolio of products at a competitive price. With the right mix of flexibility and experience we deliver value at the right price to the industrial, professional and DIY compressed air markets.

- **Extensive network**
  A vast network of distributors and resellers (over 1000 in more than 100 countries) means that there is always an ABAC representative nearby to provide you with service, support or products. As such, all you need to do is focus on your business, ABAC takes care of the rest.

- **User-friendly design**
  Developing products with the customer in mind has always been a mainstay of ABAC’s philosophy. As a result, ABAC compressors are designed to be easy to use providing you compressed air that is available when and where you need it.

**Air. Anytime. Anywhere.**
Meet your new workmate

Your comfort matters. Therefore, ABAC created a small screw compressor with an extremely low noise level, comparable to your air conditioning system. Very compact and easy to install, ABAC SPINN compressors offer excellent savings on installation and piping costs, especially on the compact model with dryer.

A safe investment for continuous use

ABAC SPINN compressors are 30% more efficient than piston compressors and have a longer lifetime due to less vibration and fewer moving parts.
Easy operating control panel
All the info you need to operate your compressor at a glance.

Air delivery pressure gauge
On/Off switch and emergency stop
Hour meter
High temperature and safety thermostat reset
High oil temperature warning lamp

Efficient cooling
A coaxial fan provides excellent cooling of all the internal components, better than water cooled systems. This leads to higher efficiency and better reliability in operation.

Easy and cost effective maintenance
Long service intervals and external oil level check. Quick access to air & oil filters, air & oil separator, oil fill & drain.
SPINN.E Series
Dryer versions

Extra compact, cost efficient and easy installation where moisture free air is required.

Reliability, efficiency and robustness
The most advanced technologies in rotor design and oil household. Optimized seal arrangements and bearings.

Infologic² Basic Controller
Advance monitoring and simple day-today configuration and control for your compressor.
- Pressure and temperature readings.
- Running hours, load hours.
- Maintenance warnings.
- Failure alarms.
- Fast pressure setting directly on the controller.

Less noise and more energy saving
The automatic condensate drain discharges only water, no air. This silent process respects your working environment.
